Under this agreement for 2014
Innisfail State College - Diverse Learning Centre will receive

This funding will be used to

- Involve five students over 15 yrs who are working at P-2 year level Literacy and Numeracy in a range of workplace environments over their last three years of schooling;
- Develop an appropriate Employability Soft Skills Matrix/Checklist against which students are mapped;
- Increase the opportunities for our students to access/trial a range of workplace environments.

Our strategy will be to

- Research existing employability skill sets and develop DLC matrix suitable to our students' abilities;
- Increase the variety of local businesses involved in the program to ensure diversity of opportunities for the students over their final years of schooling and to increase community awareness of their potential;
- Share matrix with employers to ensure that tasks allocated to students provide opportunities for them to practise the appropriate skills;
- Incorporate on-the-job literacy and numeracy skills in our individual and small group existing Reading Program and internal work preparations – tasks at school for students to practise prior to and during work;
- Connect families to local employment agencies who specialize in young people with disabilities in the workplace.

Our school will improve student outcomes by

<table>
<thead>
<tr>
<th>Providing additional opportunities for students to access legitimate workplace experiences;</th>
<th>$</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employ additional teacher aide hours to support students in the workplace – decreasing support as appropriate;</td>
<td>$ 7760.00</td>
</tr>
<tr>
<td>Assessing student progress in the workplace against the matrix and reviewing school workplace literacy and numeracy program;</td>
<td></td>
</tr>
<tr>
<td>Ensuring students and families have the appropriate community contacts to enable the most appropriate post school options are available.</td>
<td></td>
</tr>
</tbody>
</table>
