Love having the extra period on a Wednesday to get work done!
I do not agreed students should be able to work during this time. The community should get correspondence from ISC to be aware.
Senior ATAR students only go to each subject a maximum of four times a week, so any assembly, performance, exam, absence or any other reason takes away from the learning time. Is it possible for all of these things (senior parade, talks from employers, uni talks) to be scheduled for period 5 Wednesday? I have also had a drastically increased workload in 2024 vs 2023
The Tutorial session has been great. This has allowed students to seek extra assistance if they require it.
N/A
Wednesday L5 should remain a break for seniors
N/A
none
Is good
